

STREET KEY
CITY OF EDMONTON
PROVINCIAL ELECTORAL DIVISIONS

INTRODUCTION

A need has existed for a means to quickly determine from a City of Edmonton street address, the Electoral Division in which a voter resides.

This City of Edmonton street key is arranged in sequence of numbered streets and avenues followed by named streets, avenues, crescents, closes etc. in alphabetical sequence.

Following the January 1982 annexation a new quadrant system for street numbering was approved by the City of Edmonton. This new system locates the majority of current Edmonton addresses in the NW quadrant.

A map indicating the current city limits and outlining the boundaries of the 17 City of Edmonton electoral divisions plus the adjacent electoral divisions of Stony Plain, St. Albert, Redwater, Andrew, Clover Bar, Sherwood Park and Wetaskiwin is included at the last page of the key. Appendix A contains a listing of Edmonton city streets, avenues etc. which are currently located in adjacent rural electoral divisions.

This street key was produced by two Edmonton residents - Mrs. Sheila Jensen, the former Returning Officer of Mill Woods, and Mrs. Patricia Hunt, Election Clerk Mill Woods, as a special project sponsored by this office.

I sincerely hope that this Edmonton street key will assist Parties, Constituency Associations and Candidates and their campaign teams by providing a "quick-reference" guide to identify the applicable electoral divisions from city addresses.
